### **JR Automation to Exhibit at Hannover Messe 2019**

*HOLLAND, MI – March 22, 2019* – JR Automation, a leading provider of intelligent automated manufacturing and distribution technology solutions headquartered in Holland, Michigan, will be showcasing at Hannover Messe, the world’s leading trade fair for industrial technology. The show takes place in Hannover, Germany.

JR Automation team members from Europe and North America will be hosting visitors within the company’s hospitality booth (Stand G06 # in Hall 17) to discuss emerging technologies, industry advancements, and specific customer projects. Hannover Messe attendees will also be able to experience live robotic demonstrations, highlighting JR Automation’s precise dispense and assembly capabilities.

“JR Automation is pleased to showcase our custom automation capabilities at the Hannover Messe show,” said Mike Bostrom, President of JR Automation International. “We are excited for this opportunity to emphasize our global team of experts that can design, build, install and support automation programs throughout the world, and highlight our build-to-print capabilities and Industry 4.0 knowledge.”

Through thoughtful and dynamic collaboration, JR Automation creates innovative solutions for manufacturing companies across the globe; helping them think, solve, and create.

JR Automation welcomes guests to Stand G06 at Hannover Messe 2019 in Hannover, Germany, April 1-5, 2019.

For sales inquiries, please call 833-800-7630 or email [solutions@jrautomation.com](mailto:solutions@jrautomation.com).
